NO. 21

TO THE VOTERS OF FULTON COUNTY

Relative to the County Bond Issue, November Election.

This county has for the past twenty years been drifting into debt, but not a great deal each year, yet the drift has steadily and surely gone on; now we, the Fiscal Court of Fulton County, after much deliberation and hard study have figured out a plan by which we know beyond a doubt that we can lower the debt at least the amount each year for the next twenty years that we have drifted into each year for the past twenty years. Now there is no use talking about the present Fiscal Court getting the county entirely out of debt in the term for which they are elected and at the same time keep up the roads and bridges and other general improvements which they are doing each year because the debt has crawled up until we now owe to the general public, the banks of the county and to some few companies out of the county approximately the following amounts: In bonds, \$16,000, with one year's accrued interest which will be due in January, 1923, and payable at Dearborn National Bank, Chicago, Illinois; in notes that are made to individuals of this county, \$30,000, which are due each year, although the interest is paid up to date, and after the revenue has been deducted that is due from the sheriff this year there will be outstanding warrants to the amount of \$73,000. Now, the purpose of the bond issue is to fund this \$73,000 in warrants and the old bonds of \$16,000, which are due, making a total of \$89,000, and the interest on the warrants and bonds will amount to \$41,000, which makes a total of \$130,000, this being the amount that should be funded and placed into one debt. We have been offered the money at 5 per cent while we are now paying 6 per cent. That alone will save in interest each year, \$1,000. Another good feature when we put this into a bond issue it will force the Fiscal Court of the present administration and all future Fiscal Courts as long as this bond issue lasts to pay the \$5,000 of bonds due each year and the interest on the entire amount, so with the proper management the county will be getting in better shape each year. The reason we do not think it best to fund the entire debt is that we are going to pay at least \$25,000 this year but we can not hope to do this every year, as we can force some things that we will necessarily be compelled to do that have been left undone this year, yet we do think we can save enough each year to take up the \$30,000 in notes outside of the contemplated bond issue in the next two or three years, thereby paying it in a shorter time than if we should have it in the form of bonds. This is only a business proposition. We owe the money and owe it to various people and banks. Therefore, what would be the difference in owing the money to one bonding company at a great deal lower rate of interest and fixing our debt so there will only be due \$5,000 with interest on the entire amount, which interest would amount to \$5,000 the first year but will continue to reduce each year. So that will give the Fiscal Court more money to spend on the roads and bridges each year than they have now as all the money is due now all the time, thereby making a great deal of difference in our credit with banks and individuals. If we could fund this amount of our indebtedness we could run the county on a cash basis and thereby save at least twenty per cent on that item alone. You can readily see by the saving in labor, and the saving in interest, we would have more money to spend on the roads and at the same time be gradually paying off our indebtedness. There will not be any raise in taxes as the county has now sufficient sinking fund rate already set aside to take care of the bonds and interest due each year. By this means, just in a few more years the Fiscal Court will have sufficient funds to do some real work on the roads of Fulton County.

INSURANCE AGENCY CHANGES HANDS

The local fire insurance agency owned and operated by J. Dee Henry and K. A. Talley was sold last week to Judge Chas. D. Nugent, S. T. Roper and Milton Spradlin.

This agency was started in a small way by J. D. Henry in 1912 and he was able to build up a business against two old agencies then operated here. This agency has been a success from the start, later taking over the other agencies and last year wrote more business than a large agency in Fulton which has been doing business for more than 40 years, we are told.

All of the new members of the firm are well qualified for this business and will no doubt make a success of it. They are writing insurance every day and will be glad to see any of their friends at any time.

J. Dee Henry goes to Memphis to take charge of the fire business for the General Agency of Henderson & Schley, which is quite a promotion for him. Mr. Talley at present is in St. Louis visiting friends and he is offered a position there, but we do not know as to whether he will accept or not.

The Courier wishes the new firm continued success.

ELKS TO GIVE BIG CHARITY CARNIVAL

Best Carnival Ever in Hickman to be Here Friday and Saturday.

The Elks lodge and the Woman's Club are going to hold a carnival on the streets of Hickman Friday and Saturday. All arrangements have been completed and this promises to be the biggest fun-maker ever had in the city. All the shows, concessions, stands, wheels, brass bands and everything that goes with a professional carnival will be here, even to the '40 show.

There will be a big Plantation Show, in which some of the best singers and dancers in town will take part. A good fortune teller has been secured who promises to tell past, present, future, or any other time you may want to know about. Then there will be the "Fat Woman." Some seem to think she has been imported into Hickman while others declare she is a home town product. See if you can miss any of the fat women during this carnival. There will be a Country Store where you can get a basket full of groceries, etc., for only a dime—maybe. Something has been said of an "Oriental Show" but everybody seems to be mum on this subject and we are unable to give any information. Of course there will be candy stands, hamburger stands, balloon and whips, in fact everything to make the people have a good time and separate them from their coin. But this said coin will go to charity.

Then there is going to be a "Kangaroo Court." This court is said to have all the authority they want, a good patrol wagon, and four husky officers. Now anyone who tries to sneak out of attending this carnival will be forthwith arrested and brought before the judge, who will no doubt, give them such a heavy fine that they will attend the rest of the time.

The main event of the carnival will be the voting contest in which the most popular girl or woman will be crowned "Queen of the Carnival" and given \$25 in cash besides this honor.

There are many other attractions to this carnival. Don't miss one minute of it. It is put on for your amusement and it is for a worthy cause. Come out and enjoy yourself.

CHANGE IN FIRM

John Campbell of near Trimble, Tenn., and formerly of the Campbell-Callahan Hardware Co., of Paducah, has purchased a half interest in the business long known as the Planters Supply Co. The new firm will be known as the Campbell-Jones Hardware Co. Mr. Campbell will assume the managerial end, while Edward Jones will attend to the book-keeping and clerical duties. The new merchant is a brother of W. P. Campbell, who has been for some time and will remain, connected with the business as a salesman.

The stock is now being moved from its stand at Clinton and Kentucky and is going into the Montgomery building that was for some time occupied by Abe Garfinkle.

The old Planters Supply Co. building is to be the new location for the post-office and the fixtures, etc., will be moved as soon as convenient.

The Courier welcomes the Campbell-Jones Hardware Co. into the commercial life of Hickman.

ROLAND-BRASFIELD.

Mr. and Mrs. W. N. Brasfield announce the marriage of their daughter, Anne Duffy, to Orrillo Allison Roland, of St. Louis. The wedding took place in Paducah, Saturday, October 21st, at 7:45 a. m., at the home of the bride's sister, Mrs. W. E. Johnson. The Rev. John L. Weber of the Broadway Methodist Church, officiating. Immediately after the ceremony Mr. and Mrs. Roland left for St. Louis, where they will make their home at 5801 Plymouth St.

It sounded like Armistice Day Saturday evening when a new shipment of Ford's came up the street towed by a tractor. All the horns were honking and it made a bedlam that attracted the attention of everyone downtown whose hearing was not entirely gone.

S. D. Stembbridge and wife motored through to Bardwell Monday, spending Tuesday with Mrs. Stembbridge's parents, J. F. Nichols and wife.

Mrs. W. A. Johnston will be hostess of the "fifth Monday" social of the Methodist Missionary Society next on next Monday afternoon.

Miss Jennie Kerlin, after a visit here with her brother, O. B. Kerlin, left Monday to visit her brother, Joe Kerlin, in Wilson, Ark.

Miss Thela Barnes will leave the first of November for Florida, where she has accepted a position as music teacher.

Mrs. Elizabeth Stone returned Tuesday to her home in Milan, after a visit to her sons, L. A. and A. B. Stone.

Charlie Heppner, wife and Mr. Briggs of Union City, spent Sunday with Mrs. D. C. Corum and family.

George Ralston and wife of Springer, N. M., are visiting the latter's brothers, L. A. and A. B. Stone.

Barbara Ann, the little daughter of Mr. and Mrs. Herman Bradley, has been quite sick.

THE LEITER COMPANY WILL VISUALIZE GREAT MOMENTS IN FAMOUS OPERAS

Famous scenes from standard opera gems feature the program of the Leiter Light Opera Company. This clever organization composed of five of the finest musical artists in the country, has won popular favor everywhere, because they offer just exactly what the people want. They render artistically, correctly and beautifully the familiar scenes from all the oldtime and modern operas. In addition they are featuring this year a cutting of "Robin Hood."

The Leiter Company is a high-grade musical organization. Hazel Huntley, contralto, has been for several years soloist in the First Congregational church of Evanston, Chicago; Martha Cook, soprano, recently made her debut in Chicago at Orchestra Hall, and won instantaneous favor. Thornley S. Jobe, tenor, is one of Chicago's best known young soloists, and Tom Morris, baritone, is well known in Pittsburgh musical circles as an unusual artist. Harrison Burch presides at the piano.

The Nashville Banner, a supposedly Democratic paper, is fighting tooth and toenail against Austin Peay, Democratic candidate for governor of Tennessee. This has caused considerable speculation as to whether this paper is not so much against Peay as it is for Alf Taylor.

As Mr. Hull points out, President Harding is doing, in a disingenuous way, what Mr. Wilson openly and unapologetically did. If it was wrong for Mr. Wilson to appeal to the people for a Congress representation it is worse in President Harding to do the same thing through a covert letter to a party leader with the accompanying intimation, of course, "this is for publication." Perhaps one of Mr. Wilson's weaknesses.

EXECUTOR'S SALE OF J. NAYLOR HOME PLACE

Wayne Thomas, Trustee, and others, Plaintiffs, versus

Nora V. Naylor and others, Defendants. As executor of Joshua Naylor, deceased, the undersigned will, on Monday, November 13, 1922, between the hours of ten o'clock a. m. and four o'clock p. m., at or about the hour of one o'clock p. m., on said date, offer for sale at public auction to the highest bidder at the County Court House door of Fulton County, in the City of Hickman, Ky., on a credit of six months, the following described real estate lying and being in Fulton County, Kentucky, viz:

"Being the west half of the southwest Quarter of Section 8, Township 1, range west, containing 80 acres, more or less, as shown by the deed of record in Book 3, page 124, and also this tract in Fulton County, Kentucky, described as Lot No. 5, which is to include all that part of the northwest Quarter of Section 8, Township 1, Range 3 west, and supposed to contain 80 acres, more or less, and beginning at the northwest corner of Section 8, running south with the section line 159 1-2 poles to a stake; thence east to Rayon de Chien; thence running with said creek to the section line; thence with the section line to the section corner. And the lands included in the following lines: Beginning at the northeast quarter section corner of the northeast Quarter of Section 7 in Township 1, Range 3, west, and commencing at the section corner and running thence south with the section line 159 1-2 poles to a persimmon corner with mulberry pointers; thence west 38 poles to a stake with hickory and sassafras pointers; thence north 159 1-2 poles to a stake with hickory pointers; thence east to the beginning, supposed to be 125 acres in all."

The purchaser at this sale will be required to give a lien note payable to the said executor bearing interest from date of sale at the rate of 6 per cent, with sufficient personal security thereon. This sale is made on the condition that the same and the note accepted at said sale is approved by the Fulton Circuit Court at its next term, and will be void if not so approved and confirmed. Upon said sale being made and said note being executed, the executor will make deed conveying said real estate to the purchaser, which deed and obligations taken for the purchase price of said real estate will be placed in the hands of W. B. Amberg, former Master Commissioner of this Court, and held by him until the sale and obligations taken therefrom in due course be approved and confirmed in the Fulton Circuit Court.

This sale is made in pursuance to and under the authority of a judgment rendered in the Fulton Circuit Court, and under the power given in the will of Joshua Naylor, deceased, which is confirmed and approved by said Court and ordered to be made accordingly.

Given under my hand as executor of Joshua Naylor, deceased, this October 20, 1922.

COUNTY PARENT-TEACHERS' MEETING

Teachers and representatives of the county schools met for the annual Parent-Teachers' Association meeting Saturday. During the morning session a report of different school Parent-Teachers' Associations were given. These reports were varied and interesting. In addition to the speeches of the representatives, interesting talks were made by Mrs. Sims, Mr. Underwood, Rev. Baker and others.

Little Miss Juanita Mabry of the primary grade of Chace school told us a story which was very entertaining.

After the noon recess, the chief feature of which was an excellent dinner, talks on health education were made by Mrs. Maddox and by Dr. Lock, of the State Board of Health. Mrs. Herring of Fulton, gave a report of the Fulton P. T. A. and Mrs. Sims told of the work done by the Hickman organization. Mr. Toke Herring gave an interesting account of effective teaching of physical education, particularly the modern health crusade work.

Mrs. Sweeney told of supplementary work that can be done in the one-room school.

A piano solo by Mrs. Fowler was much enjoyed.

After a special session for high school teachers the meeting adjourned.

On last Saturday night a week ago, the Ford touring car of J. W. Mayes was stolen while parked down by Jones Cafe corner. They made a good getaway, leaving no trace of the thief. This car was parked there with many number of others in the full glare of the lights, but its removal was unnoticed.

Mr. and Mrs. G. S. Harrison and Mrs. Lydia Close and little daughter, Margaret Francine, arrived here Saturday morning from Reno, Nevada, to visit S. B. Parker, Col. C. L. Walker and family and W. J. Barry and family.

EVEN CAREFUL CALOMEL USERS ARE SALIVATED

Next Dose of Treacherous Drug May Start Misery for You

Calomel is dangerous. It may salivate you and make you suffer fearfully from soreness of gums, tenderness of jaws and teeth, swollen tongue and excessive saliva dribbling from the mouth. Don't trust calomel. It is mercury; quicksilver.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and brighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides it may salivate you while if you take Dodson's Liver Tonic you will wake up feeling great. No salts necessary. Give it to the children because it is perfectly harmless and cannot salivate.

COMING ATTRACTIONS.

The Women's Club and Parent-Teachers' Association of Hickman, have arranged for a splendid Lyceum Course of three numbers. The first will be given November 16, by the Leiter Light Opera Company, a musical company composed of artists of exceptional ability. The tuncful, colorful, fascinating melodies of that time-revived operetta, "Robin Hood" will be the feature of the program. In elaborate costumes they will give an effective adaptation of the popular opera and in addition selections from other favorites.

The second number of January 15, will be given by the Clifford Fode Trio in an attractive program of music, readings and original dramatic plays.

The third will be a lecture by Dr. Robert Parker Miles, a former editor of the New York Journal. Dr. Miles was twice sent upon tours around the world and during the past twenty years has appeared more than 6,000 times upon the lecture platform of every state, every province of Canada and every English-speaking country of the world. This lecture will be on March 15.

It seems very difficult to cheer expenses for putting on a good lyceum course. We hope that every progressive citizen will try at least one season ticket.

Mrs. Clara Stader and three children, and Mr. and Mrs. Both Roney were visitors of Mr. and Mrs. Paul Choate, of near Moscow, Sunday.

TO AILING WOMEN

A Little Sound Advice Will Help Many A Sufferer in Hickman.

No woman should consider herself healthy and well if the kidneys are weak. Poisons that pass off in the secretions when the kidneys are well are retained in the body when the kidneys are disordered. If the kidneys and bladder become inflamed and swollen, worse troubles may quickly follow. This is often the cause of bearing down pains, lameness, backache, etc. Uric poison is also frequent cause of headaches, dizzy spells, languor, nervousness and rheumatic pains.

When suffering so, try Doan's Kidney Pills a remedy that has proven effective in thousands of such cases. Let a Hickman woman tell of her experience:

Mrs. T. E. Mitchum says: "Doan's Kidney Pills have been a household remedy in our home for years. I have taken them with splendid results, when I have felt the need of a kidney remedy. Others in the family have also taken Doan's. I certainly know from experience they are a very reliable kidney medicine and I am glad to give them my hearty endorsement." Price 60c, at all dealers. Don't simply ask for a kidney remedy, get Doan's Kidney Pills—the same that Mrs. Mitchum had. Foster-Milburn Co., Buffalo, N. Y.

SUFFERING?

Most of the pain we suffer is unnecessary. Why continue to endure it—to sacrifice your youth, beauty, and enjoyment, to it?

The combination of simple, harmless medicines found in Dr. Miles' Anti-Pain Pills

is especially effective in relieving pain without bad after-effects.

For more than thirty-five years sufferers from headache, neuralgia, backache, toothache, sciatica and pains from other causes have found relief by taking these pills. Why don't you try them?

MAD DOG SCARE.

A mad dog was the cause of quite a bit of excitement on Monday afternoon causing the men to take to the tops of the banisters and the ladies to the tubs with a hurry call for help before he was finally killed. The dog, a good sized one, of the hound type, ran into Judge C. P. Mabry's office, where he had a fit, then ran down the corridor of that floor and stopped in front of the door of Miss Nettie Williams' dress-making establishment, where he had more fits, but proved a perfect barometer for those inside. Officers killed him a little while later in front of the dress-making establishment. The dog had been acting peculiar all day, first down on the streets and then was later lying around in the corridor of that floor.

Mrs. C. E. Threlkeld suffered another slight stroke of paralysis on Monday night.

HAM AND TURKEY DAY WEL-COMED BY LARGE CROWD

The largest crowd that has been in Hickman on Tuesday was here on Ham and Turkey Day. Clinton street was crowded with shoppers which reminds one of the congestion on Saturdays. R. R. Rose has a big program for next Tuesday and for full details your attention is called to the big misspelled ad featuring free gold and bargain days to follow. Don't miss any of Hickman's big days.

An enjoyable dance was given on Monday night at the Elks Club with a large number of the young and older people of Hickman attending, with a large number of visitors from all near-by towns, including the Missouri towns. The music was furnished by a splendid orchestra from Kansas City.

Mrs. E. D. Johnson, Mrs. Jessie Dillon and Miss Mildred Ramage spent Tuesday in Paducah.

CARD OF THANKS.

As near as words can, we wish to take this method of thanking all of those who so unselfishly gave us of their services and sympathy during the late illness and death of our beloved wife and mother, and for the beautiful floral offerings. These tributes will last in our memory as long as life.

WILL BUY CORN.

O. B. Kerlin will buy corn for the Mallow Milling Co. at the stand formerly occupied by Alvin Creed.

Fire was discovered in the house of Don Cornum on Wednesday morning when Miss Mary Briggs was awakened by the smoke in her upstairs room, but was extinguished before much damage was done. The fire had started in a downstairs bedroom, ruining the mantel and doing other slight damage.

It will be well for parents to read the notice from A. S. Hamby that he has instructions from the City Council to arrest all persons destroying or moving property on Halloween night. He tells us that this order will be enforced.

Rev. John Hardeman of the Church of Christ, of Fulton, will preach at the court house Sunday afternoon, Oct. 29, for the purpose of establishing a congregation here. The public is cordially invited.

Mrs. H. G. Hale, worthy Matron of the Eastern Star, left Sunday night for the Eastern Star Convention in Louisville. She was joined at Fulton by Mrs. Haywood, who also attended.

There will be a Halloween party at Sylvan Shade school house Friday night. Refreshments served. Everybody come. Admission 10 and 20 cents.

J. M. Linder, of Memphis, was here the latter part of last week the guest of Co. C. L. Walker, spending Friday and Saturday at Reelfoot Lake.

Mrs. R. B. Coffee and son, Reld, returned Sunday night from Muskegon, Mich., where they have been for the past several weeks.

Mrs. Green Watson is visiting her son, Luther Watson and family, in Lancaster, Ky.

Mrs. Frances Ford has been spending several days at her home in Martin.

COMMISSIONER'S SALE.

Fulton Circuit Court, Kentucky.
Mollie Whitson, Et. Als. Plaintiff.

Against

W. A. Whitson, Adm. Et Als. Defendant.
(Equity.)

By virtue of a Judgment and Order of Sale of Fulton Circuit Court, rendered at the September term thereof, 1922, in the above cause, for the sum of \$800 due with interest from 5-3-1-20 and \$4500.00 due with interest from 1-1-1920, with interest at the rate of 6 per cent per annum from the dates set out above until paid, and all costs herein, I shall proceed to offer for sale at the Court House door in Hickman, Kentucky, to the highest bidder at Public Auction, on the 13th day of Nov. 1922, at 2:30 o'clock, p. m., or thereabout (being County Court day), upon a credit of six months, the following described property, to-wit:

The first tract is bounded and described as follows, to-wit: 66 2/3 acres of land being the SW 1/4 of Sec. 11, Township 1, Range 7 W., in Madrid Road and being Lot No. 2 in the division of the Daniel Watson Estate, reference being made to the prepossessioners Commissioners books No. 2, page 159, beginning at the NE corner of lot No. 1; thence East 66 2/3 poles to a stake; thence South 160 poles to a stake, the south line of the said section; thence West with the section line 66 2/3 poles to a stake, the SE corner of lot No. 1; thence N. with the E. line of lot No. 1 160 poles to the place of beginning. Said land was conveyed to W. A. Whitson by W. R. Carrington by deed dated May 5th, 1920, recorded in Deed Book 37, Page 111 in Fulton County, Ky. There is a note in favor of the Commercial Trust Co., of New Madrid, Mo. for the sum of \$900 with interest from May 3, 1920, on this tract.

The second tract—A certain tract or parcel of land lying in Fulton Co., Ky., and described as follows: Lots Nos. 1, 2, 3 and 4 as same are known and designated in the division of the S. Part of Section 26, T. 1, R. 7, W. in Madrid Road, in Fulton County, Ky., the tracts herein conveyed being bounded on the West by the west line of Section and Mississippi River, on the North by the land of the heirs of Mary Clark, on the East by the Mississippi River and on the South by the State Line, being in number and acres more or less, and being conveyed to W. A. Whitson by B. T. Davis by deed dated Aug. 18th, 1919. On this tract there is a lien note payable to B. T. Davis for the sum of \$4500.00 with interest from Jan 1st, 1920.

All thereof to produce the sums of money so ordered to be made. For the purchase price, the purchaser, with approved securities, must execute Bond, bearing legal interest from the day of sale until paid, and having the force and effect of a Judgment. WEST HICKMAN REVIVAL.

The Rev. W. H. Evans has been conducting evangelistic services at the West Hickman Methodist Church for the past several days.

Dr. Evans has been engaged in the active work of the ministry for fifty years, however, his spiritual forces are unabated, he preaches with vim and

vigor. His reasoning is seasoned with experience, his sermons coming right out of a heart that knows, reaches the spot, he gets the truth to the heart of the other fellow.

The service for men only on last Sunday was elastic, beautiful and clean, his sermon was such as will always appeal to a red blooded man's heart. Every man present was touched under the power of the gospel of this really great man. Dr. Evans is in earnest, holds up Jesus Christ and holds on to God. Only eternity will reveal the great good this consecrated servant of the Christ has wrought in the world. Men and women are being saved in the West Hickman meeting and it is hoped that the good man who is holding the revival may live to "come again." More than thirty years ago Dr. Evans held a meeting at the First Methodist Church in this city in which one hundred and ninety-six people joined the church, some of this number are among God's faithful ones in the First Church today.

All Hickman loves the "Little Giant", not "Wild Bill" but the sweet, serene, earnest spirited servant of God. May he live long, his influence will never die.

A. S. HAMBY,
Chief of Police

DEATH OF MRS. H. W. WHIPPLE.

After an illness that had its inception in an attack of influenza last February, Mrs. Alice Whipple, wife of H. W. Whipple, passed to rest Wednesday evening, October 18. The friends of the family that attacked here were assailed with every weapon known to medical science, but to no avail. This good woman had lived in Hickman nearly twelve years and had endeared herself to all with whom she came in contact. As a wife, mother, sister and daughter, she bore a nature that ever makes separation harder to bear, and as a neighbor her attributes were such as to make her absence poignantly felt.

Deceased was born four miles south of Hickman, September 7, 1886, and was married to H. W. Whipple, August 17, 1909. Joining Poplar Grove Baptist Church at the age of 16 she continued to live a Christian life until called beyond. Her irreparable loss is shared by her husband, father and

mother; five brothers, A. A. C. V. and J. B. Townsend, of Hickman; J. C. Townsend, of Clarkdale, Miss.; and N. N. Townsend of Hickory Ridge, Miss.; one sister, Mrs. A. M. Jones, of near Cayce; four children, Elizabeth Thelma, Hazel and H. W., Jr.

Funeral services were conducted by Revs. S. T. Mayo and A. S. Pettie, and the body was laid to rest at Poplar Grove Cemetery.

The Courier joins the community in expressing its condolence with the bereft relatives and the motherless children in their great loss.

E. F. MIKEL'S HOME DESTROYED BY FIRE

Last Friday evening just after the supper hour, occurred one of the most spectacular fires seen here in a long time, when the fine home of E. F. Mikel was burned. By the time the fire was discovered it had gained such headway that it was the last word in futility to

try to save it. It had evidently started from a chimney and aided by concealed gathered power until by the time it burst out nothing could save it.

The situation of the house, at the crest of the hill, to the northwest of the Library, made the fire an easy matter to see over a large area and it cast its lurid glow over the entire town. Myriads of sparks leaped from the flames and were carried on the breast of volumes of black smoke to the south and the residents in their path were busy with buckets, hose and sprays forerunning against what might happen. Luckily there was not more than a zephyr of wind and the fire department held the fire at its origin.

Mr. Mikel and his daughter were sitting in the front of the house after supper, the latter playing on the piano, when Mr. Mikel noticed a glare outside. When he went out to investigate he found it was his own house ablaze. Most everything was carried out of the port, but canned goods and other things

in the kitchen were lost. The loss is estimated at \$5,000, partly covered by insurance.

An odd sight noticed by many was a water pipe in the burning building that had been melted by the heat. This pipe was throwing a hopelessly small but constant stream of water and doing its little voluntary bit.

Frequent Headaches

"I suffered with chronic constipation that would bring on very severe headaches," says Mrs. Stephen H. Kincer, of R. F. D. 1, Cripple Creek, Va. "I tried different medicines and did not get relief. The headaches became very frequent. I heard of

Thedford's

BLACK-DRAUGHT

and took it for a headache, and the relief was very quick, and it was so long before I had another headache. Now I just keep the Black-Draught, and don't let myself get in that condition."

Thedford's Black-Draught (purely vegetable) has been found to relieve constipation, and by stimulating the action of the liver, when it is torpid, helps to drive many poisons out of your system. Biliousness, indigestion, headache, and similar troubles are often relieved in this way. It is the natural way. Be natural! Try Black-Draught. Sold everywhere.

THINGS THE FARM BUREAU HAS ACCOMPLISHED

Secured the passage of a law giving the farmers a right to organize for the purpose of selling their products collectively. This alone is a sufficient reason why every farmer should give his active support to the Farm Bureau.

Caused a reduction of the railway valuation for the purpose of computing the guaranteed earnings, which saved enough to give \$80 to every farmer in the United States.

Revived the War Finance Corporation, which in a short time caused cotton to advance 10 cents per pound, which will bring thousands of dollars to Fulton county and put the South on its feet.

Secured a billion dollar appropriation from Congress to enable foreign buyers to buy our products, which held up the price of hogs and cattle, which is of untold benefit to the whole country.

Put white arsenic on the free list, which saves the farmers about \$18,000,000. This is one time the farmer bent a trust in a tariff battle.

Secured the appointment of a farmer on the Federal Reserve Board.

A law to stop grain gambling on boards of trade, which will stabilize prices and put out of business the greatest gambling institution in the world.

Secured from the Interstate Commerce Commission a guarantee of sufficient coal to canners and catsup factories for this year's crop of tomatoes, thereby saving \$100 per day to the tomato growers of Kentucky and Indiana.

Secured a reduction of \$12 to \$14 per ton on acid phosphate to the farmers of this state.

Prevented a raise of 87% on freight rate on live stock from all points south of the Ohio and east of the Mississippi rivers.

Increased the capital of the Federal Farm Loan Bank \$25,000,000, which gives the farmer lower interest on farm loans.

Secured the passage of a law to regulate packing houses and stock yards, which prevents the Big Five packers from controlling the live stock market and fixing prices to suit itself.

What has been accomplished favorable to agriculture and the prosperity of the country is very gratifying to the members of the Farm Bureau. This would not have been done had the farmers been unorganized. Join the Farm Bureau and help better the farmer and revive agriculture and it will revive business of all kinds.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general strengthening tonic to the whole system. Mothers will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

DEATH OF BABY.

R. V. Badger, two-months-old son of H. L. Badger, deceased, died at the home of its grandfather, D. P. Hargrove, last Saturday night, near State Line.

Perhaps the President will be able to point to the falling off of nearly a billion dollars from income taxes last year as one of the causes for the halting and hesitation of "normalcy." It isn't claimed, however, that there were fewer dollars in the country last year than there were the year before. The trouble is that because of Republican ineptitude, paltering with grave questions and dawdling over serious issues, the earning capacity of these dollars has been decidedly diminished.—Chattanooga Times

Dad's Idea.

She sang quite prettily, but her favored song was called "Falling Dew," and her father couldn't stand it. He said it reminded him of the rent.

MEMORIAL SERVICE.

The Woman's Missionary Society of the Methodist Church held a memorial service at the parsonage last Monday afternoon in honor of Miss Bell H. Bennett, of Richmond, Ky., president of the Woman's Missionary Council, who died last July and our own beloved Mrs. Sam Parker, who died October 17th.

The president, Mrs. Tucker, presided over the beautiful and impressive service, which was opened with singing "Jesus Lover of My Soul." The 14th chapter of St. John was read by Mrs. Tucker, who then led a most touching prayer.

Miss Clara McConnell spoke in memory of Miss Bennett, and Mesdames Thompson, Fugia and Amberg in behalf of the Sunday School, Missionary Society and Ladies' Aid, paid beautiful tributes to the memory of Mrs. Parker, their life long friend and co-worker.

Miss Bennett was of international reputation she "walked with kings nor lost the common touch." She was the south's greatest woman. She was the first and only president of the Woman's Missionary Council. She was the founder of the "Scarlett Training and Bible School" for young women. It was through her efforts that the Methodist Church was the first to do definite work for the negroes. She educated a child in each of the seven fields where we have work, also many in her homeland, taking some of them into her own home. So efficient was her service to her church that Wesleyan College conferred upon her the degree of LL. D. She gave thirty-five years of service to the missionary cause without one cent of money compensation. Yes, she was a great woman, but the Master's "She hath done what she could" is no truer of her than of our own personal friend and co-worker, Mrs. Parker, whose going away is a keen sorrow to the community and the church.

Mrs. Parker, like Dorcas of old, was "full of good deeds." She was of a bright cheerful disposition. She loved everyone, especially the young people, and many recall the earnest prayer she prayed for them the last time she attended the Missionary Society, Oct. 2nd.

Mrs. Parker was full of energy and always ready to work anywhere that she could be of service to her Master. She gave liberally and cheerfully of her means and her beautiful unselfish life with her strong faith in God have influenced many souls for good in the sphere where God had placed her. "No life can be pure in its purpose and noble in its strife all its life not be affected thereby."

Mrs. Harold Rice sang "Crossing the Bar" and Mrs. Walter read "The Laborer's Work is Ended." The service closed with singing "Abide With Me" and then the benediction. "So teach us to number our days that we may apply our hearts unto wisdom."

Miss Clara McConnell.

THE MAN WHO QUILTS

The man who quilts has a brain and hand as good as the next but he lacks sand. That would make him stick with courage stout.
 To whatever he tackles and fight it out. He starts with a rush and solemn vow. That he'll soon be showing the other how.
 Then something new strikes his roving eye.
 And the task is left for the bye and bye. No man is beaten until he gives in. Hard luck can't stand against a cheerful grin.
 The man who fails needs a better excuse.
 Than the quitter's whining. "What's the use?"
 For the man who quilts lets his chances slip.
 Just because he's too lazy to keep his grip.
 The man who sticks goes ahead with a shout.
 While the man who quilts joins the "down and out."
 —The Grit.

Rabbit and Sheep Comrades.

An Ontario reader of the Montreal Family Herald says he had a large white rabbit given him this winter by a neighbor. He had no place to put it, so he made a pen in the sheep house for it. The rabbit was kept there for about a week, then it was left in with the sheep. The bunny made friends with one of the sheep and slept on its back at night. When the sheep were put out to pasture the rabbit went with them and stayed close by its friend's head while eating. Whenever the sheep would lay down bunny would jump onto its back and lay there until the sheep got up again. When it is time for the sheep to come home bunny takes the lead in place of a bellwether and brings them right to their barn.

He Knew Stevenson.

Dan, the Battery boatman, is a character known to every ship news reporter. He drifted into ship news headquarters 15 years ago, a derelict from a tramp steamer. He had once voyaged with Stevenson and he became ambitious to write. He acts as a sort of messenger boy and picks up small change and enough to eat. Each day he writes an article which he gives to some one of the scribes. He has never reached print with his stuff, but he keeps at it. And he does not complain because editors do not accept his wares.—Rochester Herald.

Brief and Comprehensive.

Recently he detailed one of his teamsters with a wagon and pair to take a San Francisco man and wife to their country place a few miles out of town. The bill, as rendered by the teamster, read: "Haul grip, grub, and people, three hours, three dollars."

NATION WIDE CAMPAIGN TO ELECT MRS. OLESON

Mrs. Charles S. Pillsbury, member of the well known milling family of Minnesota, has been elected chairman of the First Woman for Senator Finance Committee, an organization of women created to bring about the election of Mrs. Anna D. Oleson, the first woman to be nominated for the United States Senate by either of the major political parties.

In the membership of the First Woman for Senator Committee are women from various states and of Democratic, Republican and independent affiliation. They have undertaken to give Mrs. Oleson their help by making a nation wide drive for funds to be used in her campaign. Mrs. Oleson's opponent in the Minnesota senatorial race is Senator Kellogg, one of the reactionaries of the Republican Senate.

Already many contributions to Mrs. Oleson's campaign fund have been received by the finance committee. Mrs. Pillsbury is doing effective work and is enlisted other prominent women in Mrs. Oleson's cause.

News of Mrs. Pillsbury's election to the chairmanship of the finance committee of the First Woman for Senator organization was brought to Washington by Mrs. Petile Ruffner Jacobs, of Birmingham, Ala., who reported that Mrs. Oleson is making a vigorous and successful campaign in all parts of the state.

FARM AND HOME NEWS FROM OVER KENTUCKY

Poultry culling demonstrations held in Warren county this fall by County Agent J. O. Hording and the extension division of the College of Agriculture at Lexington have helped many farmers in that part of the state separate the laying and brooding hens in their flocks. More than forty farmers have called their flocks after learning the method at the demonstrations.

Purchased live stock is gradually taking the place of scrub and grade animals on Butler county farms. County Agent H. F. Spickard says. Three pure bred Rambouillet rams and five registered ewes were recently purchased by farmers in the county.

C. R. Barnes, a Nelson county farmer living near Bardonia, is co-operating with County Agent U. L. Hill and the extension division of the College of Agriculture at Lexington in carrying out a demonstration to find out which crop is best suited to protect fields in his section of the state from soil washing and plant food erosion during the winter. He is comparing rye, a combination of rye and vetch, crimson clover and barley in the demonstration.

Farmers in the vicinity of Henderson county are showing a lively interest in a terracing demonstration started recently by James Mudge, in co-operation with County Agent D. W. Martin and the extension division of the College of Agriculture. The terracing has been planned to show how soil washing in sloping fields can be stopped and the land made useful for the raising of crops. Mr. Mudge will plant the terraced land in peaches.

To Stop a Cough Quick
take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues. A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup. The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough. Both remedies are packed in one carton and the cost of the combined treatment is 25c. Just ask your druggist for HAYES' HEALING HONEY.

POULTRY

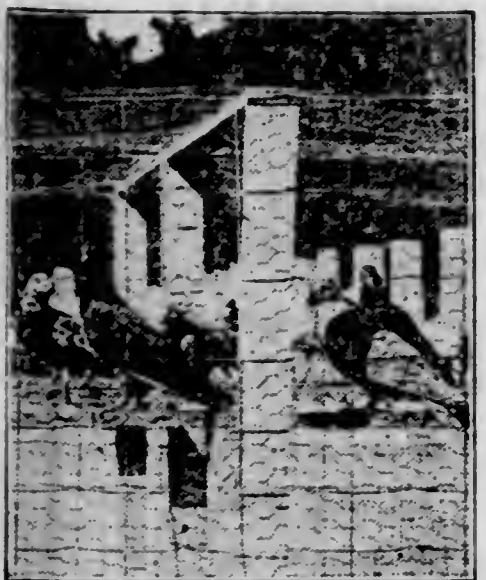

FEEDING PIGEONS IN LOFTS

Most Popular Method Is to Have Stated Hours for Placing Grain Supply in Troughs.

Self-feeding hoppers are seldom found nowadays in the lofts of veteran pigeon breeders. Their argument is that they have not found it profitable to have several days' supply of grain within reach so the birds may help themselves at will. There are two reasons for this: First, inferior squabs are raised in lofts where feed is constantly before the birds, so there is no regularity among the breeding pigeons in feeding their young; second, this continual picking at the grain eventually leads to poor appetites, resulting in the squabs suffering.

Another disadvantage in having feed lying around is that it attracts mice and even rats, and when once these enemies get in a loft there is great loss of young birds.

The most popular method for feeding is to have stated hours for placing the grain in the troughs. These

Loose Grain in Pigeon Lofts Attracts Mice and Rats.

troughs are placed in the center of the floor, so that there will be plenty of room for all the birds to gather around it. Galvanized iron drinking vessels are preferred to stone fountains.

There are three open boxes in each loft, measuring 12 inches in length, three inches in width, and three inches in depth, and these boxes contain oyster-shell, grit and charcoal.

A bath tub is placed in the aviary of each pen. These are made of galvanized iron and of convenient size for handling. During the winter the birds are given a bath about once a week, but only on bright clear days. In summer it may be given twice a week. These pens are filled about eleven o'clock in the morning and allowed to remain for about two hours, when they are emptied and turned upside down. If the water is not emptied shortly after the birds are brought bathing, they may drink of it and become sick.

Make Silo Fit Herd.
In installing a silo make it fit the size of your herd. The diameter should allow you to feed your herd at least two inches off the surface to prevent surface spoilage, then make it deep enough to last as long as you expect to feed during the year.

Silo a Necessity.
The silo has come to be recognized as a necessity on farms where ten or more dairy cattle are kept. In fact it is now recognized as the most profitable building on the dairy farm.

The Quinine That Does Not Affect the Head
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE, Inc.

Worth Knowing.
The Angelus bell, always rung three a day, takes its name from the first words of the prayer. The De Profundis bell sounds one hour after the Ave. It was only a comparatively recent date that bells were used for calling people to church. For ages they were designed solely for keeping evil spirits at a safe distance.

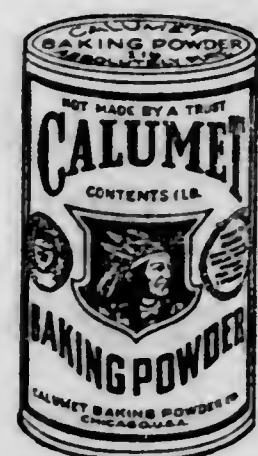

Much of the effort that used to be expended in the campaign in getting up a torchlight procession is devoted now to keeping the expenditure dark. —*Detroit News.*

ESTRAY NOTICE.

Affiant, Lattus Bros., after having been duly sworn, state that the following described animals, to-wit: one gray horse about 8 years old, weight about 1200 pounds, and one black horse mite about 8 years old, weight about 1100 pounds, were taken up by them as strays on the premises of the Johnston Land Company, in Fulton County, about six miles west of Hickman, and that they value said animals at \$100.00 each, and Milburn White, resident and property owner of Fulton County, Kentucky, being duly sworn, appraises said animals at \$100.00 each, and I, Chas. D. Nugent, Judge of Fulton County, value same at \$100.00 each, wherefore it is

ordered that this notice be recorded by the County Court Clerk in a book kept for that purpose and said Clerk is directed to furnish an attested copy to the Hickman Courier for publication and to put one on the court house door. Witness my hand this 18th day of Oct., 1922.

XX. REGENERATIVE RECEIVING SET

A regenerative set is one in which the wireless waves or oscillations entering from the aerial are regenerated and increased by means of the vacuum bulb and for this reason, as well as on account of others, it is far superior to any style of crystal set. Roughly, a vacuum bulb or tube detector is about thirty times as efficient as the best crystal detector and moreover, with such sets, one or more steps of amplification may be used, thus increasing the sounds to almost any extent. One of the great advantages of regenerative sets is that they will permit of tuning out interferences and the better the set and the more efficient

the various units, the clearer and better the results obtained. I have already described how to set up a small regenerative set under "coils," but there are various other methods of arranging or assembling regenerative sets. One of the best is the set used with a vario-coupler and vario-meters which is illustrated in Fig. 55. By using two vario-meters and a vario-coupler as shown, great selectivity of the circuit is obtained and by hooking on amplifiers and using a loud speaker phone, music, songs, speeches, etc., may be reproduced as loudly as a good phonograph. The only objection to such a set is that there are several adjustments to be made in tuning as there are the three knobs to look after. In making this set it is not advisable to attempt to make either the vario-coupler or the vario-meters, for while these instruments look simple, special tools and long practice and skill are required to construct them properly. Also, when purchasing these, select those in which the coils are not varnished or shellacked as these coverings invariably decrease the efficiency of a coil. The other parts required, aside from ordinary insulated electric bell wire, binding posts and a panel or base, are the vacuum bulb or tube detector; the socket for the tube, a grid-leak and condenser (which you can readily make yourself if desired), the rheostat, a variable condenser of .0005 mfd.; the six volt storage battery; B-battery and a pair of 2000 ohm receivers.

By studying the diagram, you will easily see how the set should be arranged and hooked up, but, if you desire, the wires may be altered to run at other angles or directions, the main thing being to keep them as short and direct as possible and to avoid running them parallel or crossing them. The aerial A is led in and connected to the primary of the vario-coupler B, the other terminal of the vario-coupler being connected with the variable condenser C, and the latter being connected with the ground-wire D. From the secondary coil of the vario-coupler E, one wire is led to the phone or receivers, F, a connection being made at G, with the storage battery H and the rheostat I. The other wire from E, is led to the grid-vario-meter J, thence to the grid-leak and condenser K, then to the vacuum-tube grid L. The plate-connection of the tube M, is wired to the plate-vario-meter N, and from here the wire runs to the B-battery O, the other terminal of which leads to the phone-receivers, F.

The whole affair, when finally connected and mounted on a neat bakelite or fibre base, should be enclosed in a neat case with a hinged cover, in order to protect the instruments from dust and disturbance and yet allow inspection or adjustment. Of course the adjusting or tuning knobs and the outside connections for aerial, ground and batteries should be led through the case or box to binding posts on the exterior. If the whole set is arranged compactly and neatly and you make an attractive, well finished case, the set will be the equal in appearance, as well as in efficiency, of any ready-made set costing several times as much.

filting this section of the state for the past three months remains unbroken." James Albright, convicted of the crime of murdering G. S. Elliott, prosecuting attorney of Mississippi county, Mo., was sentenced to be hanged on December 3.

NOTICE

To Whom It May Concern:

Notice is hereby given that G. E. Anderson, et al, have filed their petition in the Fulton County Court asking for the establishment of a new road, beginning 100 yards from the Mac Burt road in the lower bottom where it now intersects the Levee Road, west of the Town of Hickman and running direct south for about 1 1/2 miles to a point where it will intersect with the Dodds road, at or about W. A. Nipp's house, which latter point is to be the end of said road and which road will pass over the lands of C. T. Roudurant, J. R. Anderson, Henry Sanger, G. E. Anderson, H. G. Shaw, deceased, and Ellen Bushart, and if said road is established it will be necessary to take some of the land of each of the above named parties as shown by the report of the viewers herein by their report and plat filed in this matter and which viewers' report and the petition herein will come up for hearing on November 13, 1922, before Judge Chas. G. Nugent, at the Court House, Hickman, Kentucky, for hearing at which time the question of establishment of said proposed road will be considered and passed upon by said County Court.

Witness my hand as Clerk of the Fulton County Court, this 9th day of October, 1922.
